

No. / REVISIONS		DATE	SIG	<div><div>Refer to Waco Kwikform Guidelines for Safe Use of Scaffold and AS/NZS24576</div><div>Notes:</div><div>1) This scaffold has been designed to have no more than 3 decks. Live load on this scaffold must not exceed 1 heavy duty (6 kN/m²) working decks at any one time.</div><div>2) Dimensions may vary to suit site conditions. Do NOT obtain dimensions by scaling from drawing.</div><div>3) Deck Loaders are indicative only.</div><div>4) Scaffold positioned centrally 150mm from building face. Gap between building face and scaffold not to exceed 225mm unless internal edge protection is fitted.</div><div>5) Unspecified details to be in accordance with Waco Kwikform "Guidelines For Safe Use Of Scaffolding".</div><div>6) Tests are critical to the stability and structural capacity of scaffolding. Except as specifically noted on this drawing, all scaffolds are to be tied in accordance with Waco Kwikform "Guidelines For Safe Use Of Scaffolding" & Waco Kwikform WDS "Single Leg Tie" &/or AS/NZS1576.6 &/or AS/NZS24576 as appropriate.</div><div>7) Unless noted otherwise, scaffolds are not designed for cyclonic strength wind conditions. Additional measures may be required in the event of cyclones / extreme wind events.</div><div>8) Adequacy of Support Structure</div><div>a) The hirer shall ensure that all tie anchorages points are adequate for the imposed load. Imposed working loads supplied on request; typically up to 6kN/m² unless noted otherwise.</div><div>b) The hirer shall ensure that all foundations (or other supporting surface or structure) are adequate for the imposed working load due to the scaffold including Dead Load (As Built) and Live Loads (As per Load Rating). Imposed working loads supplied on request; typically up to 20kN/m² unless noted otherwise.</div></div>	<div><div><div><div><div></div><div>WACO</div></div><div>WACO KWIKFORM</div></div><div><div>WACO International</div><div></div></div><div>A.C.N. 002 835 396</div></div><div><div>Brisbane Branch</div><div>3/84 Christensen Road South, Staplyton Qld 4207</div><div>P0 Box 2090, Beeneleigh Qld 4207</div><div>Ph: 07 3451 0200 Fx: 07 3451 0299 E: brisbane@wacokwikform.com.au</div></div></div>	<div><div>Project: Pipe Support Sections Robina Town Centre, 19 Robina Town Centre Drive, Robina</div><div><div>Issued For Engineer Approval</div></div><div><div>North</div><div><div>Client: ADCO Constructions</div><div>PH:</div><div>FAX:</div></div></div></div>	Scale: 1:100 @ A1, 1:200 @ A3	Paper Size: A1
